शिक्षणमहर्षी डॉ. बापुजी साळुंखे  
Shri Swami Vivekanand Shikshan Sanstha, Kolhapur's

**LAL BAHADUR SHASTRI COLLEGE OF ARTS, SCIENCE AND  
COMMERCE, SATARA**

**Department of Chemistry**

**Bachelor of Science (B.Sc.)**

**Programme Outcomes (POs):**

1. Understanding of the basic ideas of subject in all the discipline like configuration, structure, reaction mechanism, basic facts and concepts in Chemistry while retaining the excitement of Chemistry
2. Students making capable of studying Chemistry in academic and Industrial courses and to expose them to different processes used in Industries and their applications.
3. Exposure of the students to various emerging new areas of Chemistry and apprise them with their prevalent in their future studies and their applications in various spheres of chemical sciences.
4. Development of problem solving skills, knowledge of terms, facts, concepts, processes, techniques and principles of subjects in students.
5. Application of the knowledge of contents of principles of chemistry in daily life.
6. Development of interest in the fields of chemistry
7. Acquiring skills required in chemistry such as the proper handling of apparatus and chemicals.

  
**HEAD**  
Department of Chemistry  
Lal Bahadur Shastri College,  
of Arts, Science, Commerce, Satara

**LAL BAHADUR SHASTRI COLLEGE OF ARTS, SCIENCE AND  
COMMERCE, SATARA**

**Department of Chemistry**

**Master of Science (M.Sc.)**

**1. Programme Outcomes (POs):**

1. Demonstrate, solve and an understanding of major concepts in all disciplines of chemistry.
2. Solve the problem and also think methodically, independently and draw a logical conclusion.
3. Employ critical thinking and the scientific knowledge to design, carry out, record and analyze the results of chemical reactions.
4. Create an awareness of the impact of chemistry on the environment, society, and development outside the scientific community.
5. Find out the green route for chemical reaction for sustainable development.
6. To inculcate the scientific temperament in the students and outside the scientific community.
7. Use modern techniques, decent equipments and various Chemistry software's.

**2. Programme Specific Outcomes (PSOs):**

1. Critical thinking and the analytical mind, students develop for the in depth knowledge in advanced-level Chemistry
2. The relevance of extension of Chemistry in the social context for solving social issues
3. Analytical or Experimental Skills make the students capable of doing higher level research works in the emerging fields of chemistry
4. Students will gain a thorough Knowledge in the subject to be able to work in projects at different research as well as academic institutions.
5. Students will become familiar with the different branches of chemistry like analytical, organic, inorganic, physical, environmental, polymer and biochemistry. They will also learn to apply appropriate techniques for the qualitative and quantitative analysis of chemicals in laboratories and in industries.
6. Employability Skills shall enable the students to find jobs in core chemistry and other related fields
7. Entrepreneurial Skills shall empower the students to start their own industries / business in core-chemistry fields.

# SHIVAJI UNIVERSITY, KOLHAPUR

## Bachelor of Science in Zoology

### Program outcomes

CBCS Syllabus to be implemented from June 2018 onwards

#### ➤ Aims :

- 1) To impart the knowledge of animal science to the pupils.
- 2) To make the pupils to use the knowledge in their daily life.
- 3) To make the pupils aware of natural resources and environment.
- 4) Application of knowledge in Zoology for nutrition, agriculture & live stock.
- 5) To provide practical experiences which form a part of their learning processes.
- 6) To develop aptitude for scientific work & ability to pursue studies far beyond graduation.
- 7) To encourage the pupils to take life science as a carrier which is the need now a days.
- 8) To make the pupils fit for the society.

#### ➤ Objectives -

- 1) To impart knowledge is the basic aim of education. The students are expected to acquire the knowledge of animal science, natural phenomenon, manipulation of nature & environment by man.
- 2) Understanding the scientific terms, concepts, facts, phenomena & their interrelationships.
- 3) Applications of the knowledge.
- 4) To develop skills in practical work, experiments & laboratory materials, instruments.
- 5) To develop interests in the subject & scientific hobbies.
- 6) To develop scientific attitude which is the major objective. This makes the students open minded, critical observations, curiosity, thinking etc.
- 7) Abilities to apply scientific methods, collection of scientific data, problem solving, organize science exhibitions, clubs etc.
- 9) Appreciation of the subject, contributions of scientists, scientific methods, scientific programs etc.

#### ➤ DURATION

- The course shall be full time course.
- The duration of course shall be three years.

#### ➤ PATTERN

Pattern of Examination will be *semester system*.

Head

F. G. Department of Zoology  
Lal Bahadur Shastri College of  
Arts, Science & Commerce, Satara

# SHIVAJI UNIVERSITY KOLHAPUR

## Master of Science in Zoology

### Program outcomes

#### ➤ Aims:

1. To spread higher education in the subject of Zoology including recent advances for the welfare of Society.
2. To create expertise in the field of Research in various disciplines of Zoology including Animal physiology, Environmental pollution, Aquaculture and fishery technology, Insect pests, Animal technology, Cell and molecular biology and Animal diversity.

#### ➤ Program Outcomes:

1. Apply the knowledge of zoology in day today life.
2. Students are able to work in different fields of biological sciences like animal cell culture, toxicology, enzymology, bio-instrumentation and taxonomy.
3. The students will understand different types of habitats, species interaction, communities, types of ecological successions and environmental impact assessment procedure.
4. To understand different types of pollution and its impact on the ecosystem and human and their remedial measures.
5. Able to understand the basis of cell-cell junctions, membrane transport, protein sorting and vesicular trafficking,
6. Understand cell cycle regulations its relevance problems associated with abnormal cell division.
7. Students are able to know detailed morphology of Insect (Grasshopper) body, Internal systems- Digestive, circulatory, Reproductive, Nervous and Excretory system.
8. Students would be gaining knowledge on types of honey bees, Life cycle, Rearing technique.
9. Use the current technology related to the communication field.
10. Explain about the normal ECG and its regulations.
11. Define the blood and its content and also gives idea about the different blood groups.
12. Enable students to demonstrate subcellular macromolecules by using histochemical techniques.

#### ➤ Duration

- The course shall be full time course.
- The duration of course shall be two years.

#### ➤ Pattern

Pattern of examination will be semester system.

P. G. Department of Zoology  
Lal Bahadur Shastri College of  
Arts, Science & Commerce, Satara

## Botany – Course Outcome

1. Students are acquainted with basic as well as recent knowledge in the field of molecular biology, biotechnology and bioinformatics
2. Acquiring the basic procedure in the field of microbiology and plant pathology.
3. To develop skills in of horticulture including nursery, landscaping, gardening, floriculture and pomology
4. Students will be able to demonstrate their knowledge, skills and attributes to be successful contributing members o the horticulture profession.
5. Acquaint the student with the comprehensive knowledge in the bio fertilizers, herbal drug technology and paleobotany
6. Students will able to demonstrate their understanding of relevant course theories and concepts Students able to Mendelian and Neo-mendelian genetics
7. Students become familiar with the Organic manures, Herbal Medicines, Herbal cosmetology and Pharmacognosy.
8. Understand the methods of Plant Biotechnology, Protoplast culture and Recombinant DNA Technology.
9. Acquainted the scope of paleobotany in the present scenario and understand the fossil genera
10. Aware about the Spices, Beverages and Fibers, Cereals, Legumes and Oils.
11. Understand the of carbohydrates, lipids, proteins
12. Understand the techniques of plant breeding
13. Understand the techniques of mushroom cultivation.
14. Acquainted the techniques of micrometry, chromatography and other laboratory techniques used in the field of life science.

  
Head of the  
Botany Department  
L B S. College, Satara

**Lal Bahadur Shastri College of Arts, Science and Commerce, Satara**

**Department of Microbiology**

**BSc.III 2021-22**

**PROGRAMME OUTCOMES**

- 1) To make the students knowledgeable with respect to the subject and its practicable applicability.
- 2) To promote understanding of basic and advanced concepts in microbiology.
- 3) To expose the students to various emerging areas of Microbiology.
- 4) To prepare students for further studies helping in their bright career in the subject
- 5) To expose the students to different processes used in industries and in research field
- 6) To develop their ability to apply the knowledge of microbiology in day to day life.
- 7) To prepare the students to accept the challenges in life sciences.
- 8) To develop skills required in various industries, research labs and in the field of human health.

Head  
Department of Microbiology,  
L. B. S. College of Arts, Science and Commerce, Satara

Shri. Swami Vivekanand Shikshan Santhas,  
**Lal Bahadur Shastri College of Arts, Science and Commerce, Satara**  
**Department Of Physics**

**Course Outcome**

1. This course in Physics would provide the opportunity to the students to understand the basic laws and explore the fundamental concepts of physics.
2. This course introduces students to the methods of experimental physics. Emphasis will be given on laboratory techniques specially the importance of accuracy of measurements.
3. To enhance the student's academic abilities, personal qualities and transferable skills this will give them an opportunity to develop as responsible citizens.
4. Providing a hands-on learning experience such as in measuring the basic concepts in properties of matter, heat, optics, electricity and electronics.
5. Students are able to understand the conceptual evolution of conservation laws of momentum and energy for both single and system of particles.
6. Students are able to understand simple concepts like weightlessness, geosynchronous satellite and GPS.
7. Students are able to setup differential equation for simple harmonic motion and its allied cases.
8. Students are able to understand the physical significance of gradient, divergence and curl.
9. Students are able to apply concepts in vector calculus such as gradient, divergence and curl related to vector and scalar fields using Gauss, Stokes and green's theorem.
10. Students are able to understand concept of magnetic vector potential along with Ampere's circuital law and phenomenon of hysteresis in magnetism. Students are able to discriminate different magnetic materials based on their characteristic properties

## **Department of Mathematics**

### **Program Outcome**

- To offers theoretical as well as practical knowledge about different areas of subjects.
- This course forms the basis of science for coherent understanding of the academic field to pursue multi and interdisciplinary science careers in future.
- Able to plan and execute experiments or investigations, analyze and interpret data information collected using appropriate methods
- It helps to develop scientific temper and thus can prove to be more beneficial for the society as the scientific developments can make a nation or society to grow at a rapid pace through research.
- Think critically; follow innovations and developments in science and technology.
- To gain knowledge using basic and application of science in day today life

Department Of Computer Science

Program Outcomes

2021-22

### **B.Sc. (Computer Science) Program Outcome**

After completion of program students will able to

- Develop ability to analyze a problem, identify and define the computing requirements, which may be appropriate to its solution.
- To prepare students to undertake careers involving problem solving using computer science and technologies.
- Develop ability to pursue advanced studies and research in computer science.
- To produce entrepreneurs who can innovate and develop software product.

## Department of Commerce

### B.com in Accountancy

#### Program Outcome

After completion of program students will able to

1. Apply knowledge and skills in accounting functions.
2. Demonstrate knowledge and skills for banking financial services and insurance services.
3. Respond to the global outlook on opportunities and challenges in accounting and financial service sector.

### M.com in Advanced Accountancy

#### Program Outcome

1. Perfection in accounting of different types of Organizations.
2. Understand the Concepts of Social Responsibility Accounting, Environment Accounting and Human Resource Accounting.
3. Familiarity with basics of research & Increase Ability of analysis and interpretation of data.
4. To Impart Employability Skills to Students in Management, Finance, and Taxation Sectors.

  
**HEAD**

## Upgrading the University Pos for UG/PG Programs 2021-22

### बी.ए.(हिंदी)

- १.हिंदी भाषा तथा व्याकरण का अध्ययन कराना ।
- २.सृजनात्मक लेखन के विविध क्षेत्रों का परिचय कराना ।
- ३.प्रयोजमूलक हिंदी का परिचय कराना ।
- ४.छात्रों को हिंदी के विविध विधाओं से परिचित कराना ।
- ५.छात्रों की विचार क्षमता तथा कल्पनाशीलता को बढ़ावा देना ।
- ६.समीक्षा मानदंडों के आधारपर कथा साहित्य का परिचय कराना ।
- ७.छात्रों में नैतिक मूल्य, राष्ट्रीय मूल्य एवं उत्तरदायित्व के प्रति आस्था निर्माण कराना ।
- ८.रोजगार उन्मुख शिक्षा एवं कौशल प्रदान कराना ।
- ९.साहित्य निर्मिती की प्रक्रिया का बोध कराना ।
- १०.हिंदी में कार्य करने की रुचि विकसित कराना ।
- ११.जनसंचार एवं इलेक्ट्रॉनिक माध्यमों से परिचित कराना ।
- १२.भाषा की शुद्धता के प्रति छात्रों को जागृत करना ।
- १३.मानक हिंदी वर्तनी एवं व्याकरण से परिचित कराना ।

### एम.ए. (हिंदी)

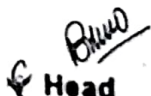

- १.प्राचीन तथा मध्ययुगीन कवियों की रचनाओं से छात्रों को परिचित कराना ।
- २.हिंदी भाषा तथा देवनागरी लिपि से परिचित कराना ।
- ३.भाषा के स्वरूप तथा भाषा के विविध रूपों से परिचित कराना ।
- ४.हिंदी के विविध विधाओं का विकास एवं प्रवृत्तियों से परिचित कराना ।
- ५.आधुनिक काल के कवि तथा उनकी कृतियों के महत्व से परिचित कराना ।
- ६.छात्रों को आधुनिक हिंदी कविता की प्रवृत्तियों से परिचित कराना ।

## DEPARTMENT OF GEOGRAPHY

### Course Program Outcomes of UG Program (Geography)

1. The students to understand map, concept of projection and concept of scale.
2. Students aware about S.O.I. toposheets and I.M.D. weather maps.
3. The students gain information about the modern technology like computer, GIS, RS, GPS, and GNSS etc.
4. Understanding of recent trends in geography.
5. The students are trained to implement modern tool and techniques in Geography.
6. Detailed knowledge about the use of computer for analysis of Geographical data.
7. The students are deeply familiar with different cartographic techniques and methods used for representation of demographic and physio- socio-economic database.
8. The students are aware about resource, conflicts and politics of displacement.
9. Detailed knowledge about the analysis of landforms and its identification.

  
Head  
Department of Geography,  
Lal Bahadur Shastri College of Arts,  
Science and Commerce, Satara

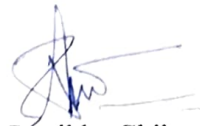

LAL BHADUR SHASTRI COLLEGE OF ARTS,SCIENCE AND COMMERCE, SATARA.

Department of History

Program Outcomes

Academic Year- 2021-22

- 1) The student has acquired principles of History Subject.
- 2) Student understood the key concepts and terms in social sciences?
- 3) Student come to know the major social movements in India and in rest of the world .
- 4) The student has acquired documentation skills required for analyzing socio-political, economical history.
- 5) The student demonstrate the research aptitude.
- 6) There signs of the cognitive attitude developed in the student
- 7) Student capable of applying interpretative skills in day today life.
- 8) Student confident about career in social science sector.
- 9) Student comes to know fundamentals of macro and microeconomics/cultural and historical heritage in India/ democracy and citizenship.
- 10) Student developed keen interest in reformations in society.

DEP. OF POLITICAL SCIENCE

## Program Specific Outcomes

After completion of program students will be able to

1. Study the functioning of democratic institutions in INDIA including local self institutions
2. Educate the society about the human rights and duties in order to create responsible citizenry
3. Demonstrate the knowledge of political theories and concepts
4. Study critically the sociopolitical movements and civil society activism in Maharashtra
5. Show the knowledge of concepts and dimensions of international politics and political theories

*M. S. Kulkarni*  
Head of Dept.  
Political Science,  
L.B.S. College, Satara

## DEPARTMENT OF SANSKRIT

2021-22

### Programme Outcomes

Sanskrit is a very rich language of IE language group. Sanskrit is a medium to know about ancient Indian history, culture, religion, social life through its text. The academic programme of both Honours and General degree courses are designed not only professional skill but also develop a deep understanding of rich heritage and dynamic prevalent scenario of India through various Sanskrit texts.

1. Develop a strong concept of ancient Indian history, philosophy and literature.
2. Enhance communication skills-Listening, Speaking, Reading, Writing.
3. Students will be able to write Devnagari scripts which provide them paleographical knowledge to read out the script of modern languages like Hindi and Marathi.
4. Increase in depth knowledge of the Core Areas of the subject.
5. Students will demonstrate the skill needed to participate in conversation that builds knowledge with collaboration.
6. Reasonable understanding of multi-disciplinary relevance of literature of Sanskrit like Veda, Philosophy, Grammar, Kavya, Smitisastra etc.
7. To make them eligible for higher education.
8. Develop research aptitude and independent thinking.
9. After becoming graduate students can apply in the field of UPSC, MPSC etc. And also after post- graduation they can apply against teaching posts in schools, colleges and other educational institutions.

• **Program Outcome**

1. To Promote studies and research in Marathi language and Literature
2. To Promote literary skills of the students.
3. To Make sensitive, learned, cultured and ideal citizens for the nation
4. To Provide guidance for the preparation of SET/NET examinations.
5. To promote research in various dialects of Marathi.
6. To foster practice of creative writing and studies in applied language skills

• **Program Specific Outcomes**

The following are the learning outcomes that we would like to see each Marathi student Graduate with :

1. The Student will have knowledge of the different trends, types and movements of the Marathi Literature and Language across the period.
2. The Students will be equipped with new perspectives to look at society and culture with the help of various
3. The students will be familiar with research practices in Marathi language and literature.
4. The Students will be able to use appropriate language.
5. The Students will be able to write creatively.
6. The Students of different faculties will have the knowledge of use of language, Indian culture, book history, publication of book, script editing and creative writing.
7. The Students will have the training for all competitive exams including NET and SET examinations.
8. The Programme will help to make creative, sensitive, ideal and learned human being for better future of India.

**B.A. in English Program Outcomes**

After completion of the program, the students will able to:

1. Demonstrate knowledge of literature and English Language.
2. Identify and use Fundamental concepts and theories in literary criticism to interpret literary texts.
3. Analyze language at different language levels (phonological, morphological, syntactic etc.)
4. Show the zeal of creativity by writing novel, poetry, drama etc.

**M.A. in English Program Learning Outcomes:**

After completion of the program, the students will able to:

1. Demonstrate Critical knowledge of English literary texts ranging from Anglo-Saxon period to the present date.
2. Apply critical theories to interpret literary texts.
3. Demonstrate common knowledge of linguistic universals.
4. Analyze language at different language levels (Semantic and discourse etc.)
