Commerce Satara
National Service Scheme 2018-19

Before the camp students made different surveys in the village Kushi and come to the conclusion that the village had big issue of water. They have very less sources of water to carry out their daily activities. For conservation of water they have three *Bandharas* in village. After the observation of the all three *Bandharas* team NSS come to the conclusion that there is need to repair some *Bandharas* and it also need some construction as well. The teachers and students actively worked to repair *Bandharas* and did incredible work in the history of the village. The outcome of the work was reflected in the next rainy season and all the *Bandharas* filled with the water. Dignitaries like Hon. Vice-Chancellor, local politicians visited the village and appreciated the work of the students.
