National Service Scheme 2021-22

Report

The construction of a toilet pit by NSS volunteers in the camp village is a commendable initiative. The process involves several steps, such as selecting a suitable location, obtaining necessary permits, and ensuring proper sanitation standards.

NSS volunteers can use appropriate equipment to dig the pit to a required depth. It should be deep enough to prevent contamination of groundwater and surface water.

The improving sanitation and overall health in the camp village, creating a positive impact on the community's well-being

Toilet Pits Construction was the Hercules task during the Camp days. Students did it well with the help of teachers and villagers. The activity carried out as part of Swachh Bharat Abhiyan and total 70 toilet pits were made during the Camp. The activity made people of the village to know the importance of toilets as far as their health is concerned. The villagers appreciated the work of the students which encouraged volunteers to do Seva through NSS. Total 65 volunteers were participated in the construction of Atrophy pits at Mhate Khurd Village.
